 - Microphone will be brought to you for questions.
 - Start by identifying yourself.
- Online session arrangement
 - Please turn “OFF” your microphone and camera by default
 - To comment or pose a question you can either
 - Write in the “CHAT” window.
 - Use the “RAISE-HAND” feature in MS Teams.
 - Your questions or comments will be discussed after the presentation.
 - When speaking, please
 - Turn you microphone and camera “ON”
 - Start by identifying yourself.
 - Remember to turn your camera and microphone “OFF” afterwards.

In order to ensure technical quality in the meeting we ask all attendees to adhere to the meeting guidelines.

Please provide feedback!

During the meeting

- Questions and comments will be noted during the meeting and answers provided directly if possible
- Answers to remaining questions and comments will be provided “to all” after the meeting

Questions or comments after the meeting

- E-mail us at ccm@nordic-rsc.net

EPR overview

- TSOs / NRSC have intensified focus on testing updates to data and system changes and to establish procedures for rapid issue resolution. This has been successful.
- No backup/fallbacks since May 3rd
- 6 EDD domains were published after 9:30 (target)

Market coupling simulations

- During the EPR, there has been problems with the market coupling simulation process
 - Errors in the published results files
 - Delays in providing the market reports
 - We apologise for the inconvenience and have implemented measures to improve the process
- We are also working to improve the accessibility of the data to the stakeholders
 - Grid constraints and simulation results will be compiled in one file which will be published at the Nordic RSC website

Status of the NRA 3-months reporting

- Not all the NRA criteria were met in April and May so these two months will not be included in the 3-months evaluation report
- Current status is that the counting for the 3-months reporting starts as of June 5, 2022
- If everything goes well during the summer, the process is as follows:
 - The 3-months evaluation report will cover June, July and August
 - Consultation of the evaluation report will take place in October
- We will inform you of any changes in the time plan
