

Changes to stakeholder meetings on EPR results

Moving forwards, the stakeholder meetings on EPR results will be held monthly, instead of biweekly.

Although many participants have provided positive feedback to the meetings on EPR results, actual participation have been slowly decreasing. CCM will therefore decrease the meeting frequency and review the content provided in the meetings to better provide content according to stakeholder needs.

There will be one more biweekly meeting on EPR results. The 15 February meeting will cover week 1-2. We will then move over to monthly meetings covering four weeks.

Upcoming stakeholder events
